

EIGHTEEN NINETY GRILLE AND LOUNGE

Granbury, Texas

Less than an hour south of Fort Worth, Granbury is a tiny treasure in a very big state. In a town of less than 10,000, the history of Texas is as big as ever. This was a hub of the Wild West, and Jesse James, Bonnie & Clyde, Belle Star and other notorious outlaws are all said to have passed through town—but they all minded their manners and were never arrested here. The photo behind the bar at Eighteen Ninety honors the numerous hard-core sheriffs who kept the peace. The Traditional Bock from Granbury's Revolver Brewing is deeply flavored and strong—just like the iron will of those lawmen.
